GOLD COAST **FLORIST**

Wedding Flower Look Book 2016

- Ceremony Packages
- Reception Packages
- Delivery Information

Our wedding packages have been created with the budget conscious couple in mind. We aim to create a high quality product, with a fair price. We have many options available, to suit every bride and groom. From table centres that double as gift favours, hire options and pick up services, there is something for everyone, with all budgets.

All of our packages can be created in your colour of choice, as well as choosing the embellishments that best suit. We do not replicate other florist's work, preferring to create a masterpiece of its own, each and every time.

We will endeavour to reflect the style, colour and shape as detailed in the estimate and pictures to the best of our ability. It is important that, you as our client, understands that individual flowers, bouquets and arrangements all vary. Their individuality is what makes them unique for you alone.

All packages can be added to, to meet your needs. Prices for individual products are listed.

Please enjoy our look book and feel free to contact one of our wedding specialists to answer any questions you may have.

~Heidi and the team at Gold Coast Floris
